

Our Approach

The Shingijutsu Kaizen Workshop (SKWSM)

Through years of experience, Shingijutsu Global Consulting has developed an approach consisting of regular 5- to 10-day Kaizen Workshops conducted at Gemba.

Each week begins with...

...Practical education, relevant to the Kaizen Theme to be addressed that week, followed by...

...Training in Kaizen methods and tools through actual use at Gemba; finally...

...**Actual implementation of Kaizen** with measurable, effective results.

Summarily, SKW is unquestionably the best consulting method; combining "implementation" of Kaizen at Gemba, with "education" of our clients' KPOs. This method devised by Yoshiki Iwata, the founder of SGC, has kept the SGC consultant team continuously producing the best results with in the industry.

Sample SKW Schedule: Typical First-Time Workshop (Actual schedules will vary):

DAY 1	DAY 2	DAY 3	DAY 4	DAY 5
Kick-Off & TRAINING: <i>Kaizen Tools & Approach</i>	PRE-KAIZEN GRASP PROBLEMS: (Continue "Facts" Study & Discuss)	"TRY-STORMING" SIMULATE KAIZEN IDEAS	PUT INTO ACTION IMPLEMENT KAIZEN IDEAS	Summarize Workshop Activities and Results Present to Top Management
PRE-KAIZEN GRASP CURRENT STATE Actual Facts: Process Map Time Study Spaghetti Chart Combination Sheet	BRAIN-STORMING KAIZEN IDEAS (Solutions to the problems found)	Evaluate: POTENTIAL BENEFIT vs Investment (inc. time, etc.)	POST-KAIZEN GRASP NEW STATE Updated Actual Facts Determine: ACTUAL BENEFIT	Discuss Next Steps Assign "Homework"

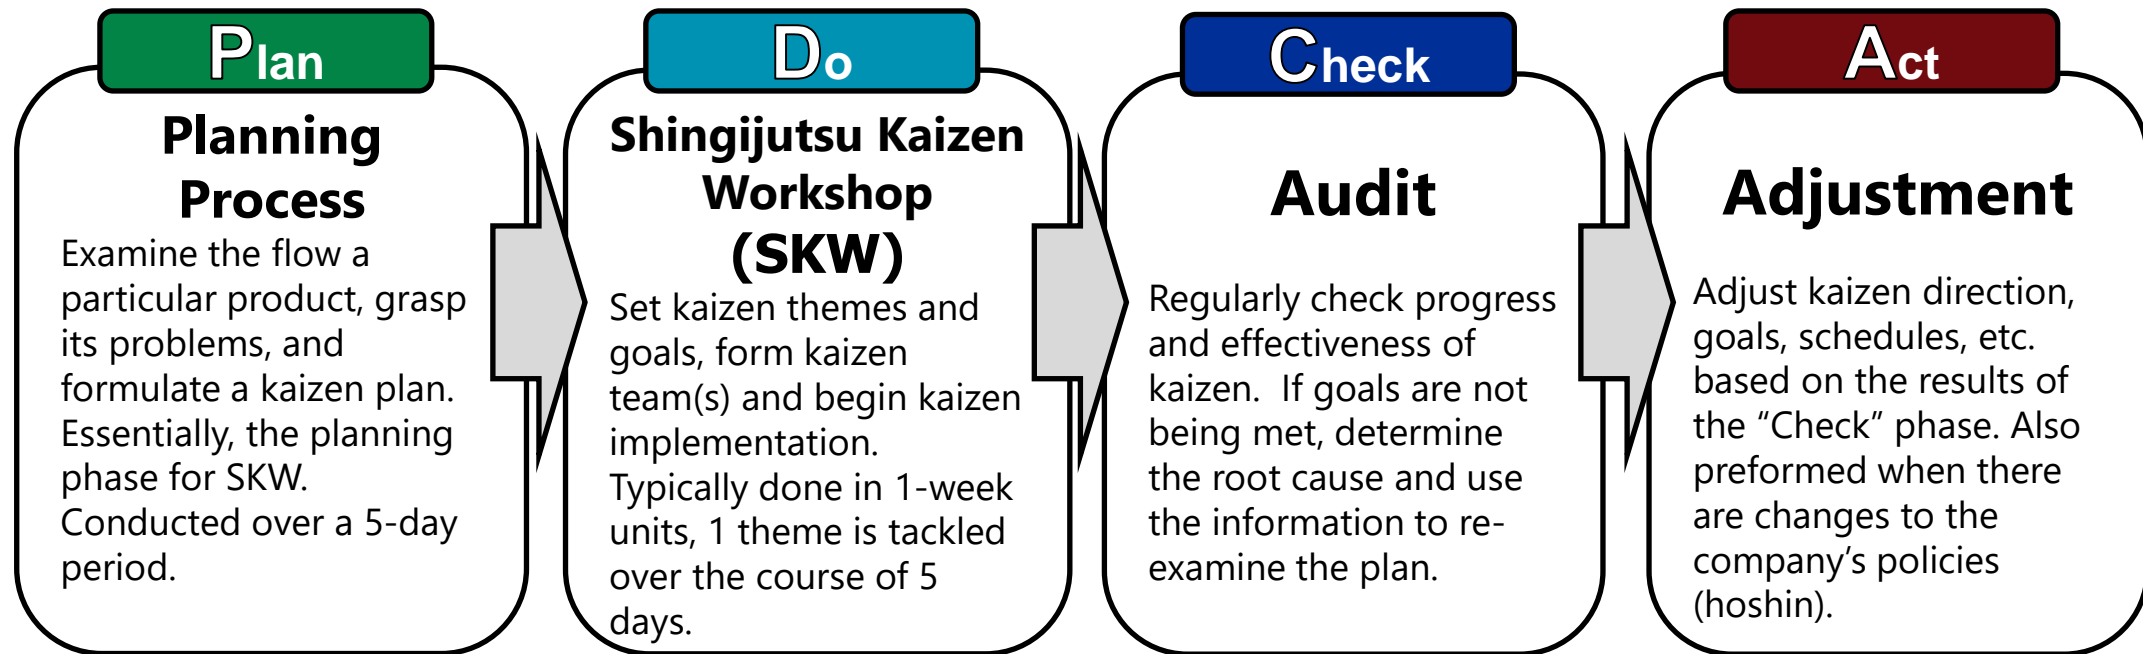

Our Approach

The PDCA Cycle

PDCA: The cycle for a 1-week Workshop or many, many years of Kaizen success

Plan > Do > Check > Act... Performed on a small scale across the 1- to 2-weeks of the SKW (see following page), the PDCA cycle is also repeated through long-term* Kaizen Activities. The same cycle is repeated as part of creating and maintaining your "Kaizen Culture," in every-day kaizen awareness, Daily Management, Hoshin Kanri and other activities.
